

EMILIO CARRANCO, M.D., M.S. BIOGRAPHY

Dr. Emilio Carranco currently serves as Assistant Vice President for Student Success and Director of the Student Health Center at Texas State University. He oversees the health and wellness components of the Division including the Student Health Center, Counseling Center, and Campus Recreation. Dr. Carranco directs operations for the main health center in San Marcos and two satellite clinics. During his tenure at Texas State, Dr. Carranco has had a lead role in developing the university's HIV and Smoke-Free Campus policies, as well as the Pandemic Flu and COVID-19 Pandemic Response Plans. He is Co-Chair of the Health and Well-being Task Force. He is also medical director for the university's public access defibrillator program, and laboratory director and radiation safety officer for the health center clinics.

Prior to joining Texas State in 1991, Dr. Carranco worked for a multi-specialty group medical practice in San Antonio. He later opened his own Internal Medicine practice providing both outpatient and hospitalist services.

Dr. Carranco received a Bachelor of Science degree in Psychobiology from Yale University. He obtained a medical degree from the University of Texas Southwestern Medical School in Dallas. Dr. Carranco completed his Internal Medicine residency at the University of Louisville. He also later obtained a Master of Science degree in Healthcare Management from the University of Texas at Dallas.
